#### WARNING

This material contains information affecting the National Defense of the United States within the meaning of the espionage laws, Title 18, USC, Secs. 793 and 794, the transmission or revelation of which in any manner to an unauthorized person is prohibited by law.

PIC/JMCS - 8/59 September 1959

#### JOINT MISSION COVERAGE SUMMARY

Mission C 6028 15 May 1959

### Summary of Coverage

Mission C 6028, flown 15 May 1959, covered parts of Burma, China, India, and Tibet. The Myitkyina area of Burma, the vicinity of Chang-tu in Tibet, and small portions of the road system in Eastern Tibet and Western China were covered.

#### Quality

Quality of the photography for photo interpretation is generally poor. Cloud cover and haze appears in 75 percent of the photography. A malfunctioning of Camera 9 occurred early in the mission.

#### Map References

USAF World Aeronautical Charts, 1:1,000,000

332 Koko Lake

435 Amne Machin Range

436 Ipi Pass

437 Kyi River

554 Brahmaputra River

555 Lake Erh

#### Categories

Information is listed by categories, as shown in the Table of Contents. Arrangement within categories is as follows: Airfields and Urban Areas-alphabetically by (1) country and (2) city or installation; all other categories -- by (1) country, (2) WAC number, and (3) degree square. An index of geographic names concludes the report.

#### Accuracy of Locations

In Tibet and adjacent portions of Western China there is frequent lack of correspondence between photographs and available maps, therefor coordinates of points away from recognized landmarks are only approximate.
